- Every family changes as children get older, responsibilities shift, and families are pulled in all sorts of directions. To stay focused, we must have a plan for engaging spiritually as a family. Parents will be equipped with a helpful guide that will be a blueprint for spiritual growth in the home.

Technology: The Good, the Bad, and the Ugly

- Technology is everywhere, and it's not going away, so parents must be prepared to help children and teens navigate a digital world. Parents will be equipped with information and resources to help create a technology plan for the home.

Talk About It: Teaching Biblical Sexuality to Children and Teens

- The Bible has a lot to say about biblical sexuality, and Christian parents must pass along the beauty of God's design for gender, marriage, sex, and relationships. Parents will be equipped with conversation tools to start and continue these important conversations.

Our workshops are designed to equip the home and the church to partner together in making disciples of children and teenagers. Workshops will engage, inform, and equip with the knowledge, resources, and tools needed to feel confident in discipleship.

Workshops require two to three hours, but can be tailored to fit in a one-hour class.
